L

Part of Paper No. 26

Art Unit: 1617

Prosecution is reopened to address a non-elected species:

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-7, 9-11, 13, 16 are rejected under 35 U.S.C. 102(b) as being anticipated by Snell et al.

Snell et al teach a fungicide (Title) comprising natrosol, a surfactant and water (column 44 example 70).

Claims 1-7, 9, 11, 13, rejected.

Claims 14, 19 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
